## Introduction

Operating a charter school is engaging for administrators and is fulfilling the dreams of its Founders. It is also very rewarding on many levels, particularly as the successes of students are observed. It is also serious business. Charter schools are not typical start-ups. Before a charter is even granted by the state, its Founders need to have a complete business plan detailing curriculum, staffing, a multi-year financial forecast, policies and procedures of all kinds, special education everything, plans for this and plans for that. These plans include financial policies, procedures, forms, documents, etc. (internal controls). A brand new Founding team may know little about them, at least insofar as the real-life demands of the state and federal bureaucracies are concerned. This “finance policies” document, coupled with procedures, forms, and good practices are the foundation of effective internal controls.

Gateway Preparatory Academy shall make these policies available in Gateway Preparatory Academy’s business office (main business office) and on Gateway Preparatory Academy’s website. This delegated authority requires checks and balances (internal controls) to ensure that the board properly accounts for and spends public funds for which it is entrusted within the law, and without malfeasance.

## Internal Controls

Internal Controls are an integral part of the school’s “control environment” to ensure Gateway Preparatory Academy’s assets are safeguarded and to minimize risk. Internal controls consist of well-crafted policies, procedures, guides (guidelines) and forms indicating *how we’re supposed to do it*. They also include implementation and practices (modeling) by leadership and school staff *how we actually do it*. *How we’re supposed to do it* and *how we actually do it* should be the same in almost all circumstances. Internal controls are developed for the purpose of:

- Protecting against waste of resources through inefficiencies;
- Protecting resources against embezzlement, bribes, theft or other types of fraud;
- Protecting against poor management, carelessness, and unintentional errors;
- Securing compliance with both law and rules of the state, policies of Gateway Preparatory Academy and the audit requirements of the State of Utah pertaining to “public funds”;
- Protecting against loss or destruction of records;
- Ensuring data reliability and accuracy;
- Evaluating the level of performance of Gateway Preparatory Academy’s operations.

Under the direction of the Governing board, Gateway Preparatory Academy is required to establish and maintain adequate accounting records and implement internal control policies & procedures. Internal control consists of six components: control environment, risk assessment, control activities, information and communication, segregation of duties, and monitoring. The objectives of internal control relate to financial reporting, operations, and compliance.

The board and all levels of administration and instructional staff are responsible for preventing and detecting instances of fraud and related misconduct and for establishing and maintaining proper internal controls that provide security and accountability. The board and administration are also responsible for recognizing risks and exposures inherent to these areas of responsibility and for being aware of indications of fraud or related misconduct. Any employee with reasonable basis for believing fraudulent or related misconduct has occurred should report such incidents to the designated authorities within Gateway Preparatory Academy or to the Utah State Board of Education.

# Gateway Prep. Academy Finance Policies

Internal controls provide Gateway Preparatory Academy with the foundation to properly safeguard assets, implement policies, provide compliance with state and federal laws and regulations and produce timely and accurate financial information. Board members and directors should review the Charter Solutions' Internal Controls Guide to further understand the need for internal controls and their role in their implementation and oversight.

The policies outlined herein will be reviewed at least annually. Employees involved in the processes and procedures associated with these policies will be trained at least annually in their duties.

## Governing Board Authority

The Board of Trustees, Governing Board, etc. (Board) is responsible for the operation of school in accordance with state and federal laws. Employees who rent vehicles for school use (and reimbursement) must purchase adequate insurance to cover the vehicle in case of theft or damage. Employees must refill the rental vehicle with fuel prior to return. Gateway Preparatory Academy shall not reimburse for moving violations or parking tickets.

Employees who travel out of state travel with itineraries booked through school administration, except as otherwise approved. Under certain circumstances, employees may be required to use a personal credit card for hotel and/or vehicle rental. Employees may not use public funds to pay for (or submit for reimbursement) personal expenses while traveling for Gateway Preparatory Academy.

Travelers may receive reimbursement for meals they purchase during approved travel according to the following schedule for travel outside of Cedar City and at least 45 miles from Gateway's primary facility:

- If traveling between 6 and 10 AM, an allowance of \$10 for breakfast
- If traveling between 11 AM and 2 PM, an allowance of \$15 for lunch
- If traveling between 4 PM and 8 PM, an allowance of \$25 for dinner

Travelers will be reimbursed for actual expenses, including tax and gratuity, for meals when traveling during the entire time frame noted above up to the dollar limits listed. Travelers should exercise good judgment and keep meal expenses as low as reasonably possible. Meal reimbursement will not be given for meals that are included in the registration or participation cost of any conference, meeting, or event associated with approved travel nor for meals that are included in the cost of accommodations

## Contracted Services Policies

---

### Outside Service Providers

The utilization of outside service providers (i.e. independent contractors) and contracted personnel are sufficiently evidenced by:

- Service Agreements outlining the terms of the agreement (e.g., responsibilities work requirements, rate of compensation, and nature and amount of other expenses, if any) with the individuals or organizations providing services and details of actual services performed;
- Required IRS W-9 form, proof of authorization or licensure and liability insurance certification (among other things) are required before service is rendered or payment is made;
- Invoices or billings submitted by consultants, including sufficient detail as to the time expended and nature of the actual services performed;
- The use of a management contract for educational administrative services will clearly identify the contractor's performance requirements, including students' academic achievement (if applicable), contractor's compensation and define Gateway Preparatory Academy's rights to educational curricula and intellectual property developed.

The use of independent contractors is closely monitored so as not to vary from the rules of the Fair Labor Standards Act and Utah law. The contractor will:

- Be free from Gateway Preparatory Academy's control and direction in scheduling and performing the service, both under a contract and in fact;
- Provide a service that is outside Gateway Preparatory Academy's usual course of business or provide a service on a temporary basis;
- Not receive any fringe benefits as such, although their fee may include provision for fringe benefits;
- Use his or her own letterhead, supplies and materials when billing for services.

The policies contained in this document are subject to change at any time. The board reserves the right to amend or change them at their sole discretion.
