

Parent and Family Engagement Policy

Board Policy:

Gateway Preparatory Academy believes that ongoing parental involvement is imperative to the success of students. As a school receiving Title I funding, we encourage parents to participate as volunteers, by attending board meetings, and participating in the Parent Organization.

Gateway Preparatory Academy recognizes that some students may need the extra assistance available through the Title I program to reach the state's high academic standards. Gateway intends to include parents in all aspects of the school's Title I program. The goal is a school-home partnership that will help all students to succeed.

Gateway Preparatory Academy will jointly develop/revise with parents the school Parent and Family Engagement policy (PFE) and distribute it to parents of participating children and make available the PFE to the local community. The policy will be discussed annually in a board meeting. Parent input will be invited and encouraged. The board will approve the plan. Communication with parents is an essential building block in the success of individual students. Gateway Preparatory Academy will communicate pertinent information with parents regarding parent involvement, their child's achievement, and the school's performance. This will include, but is not limited to, the following; a weekly newsletter sent through email and posts on our website. School-wide communication from teachers and administration are also sent home on a weekly basis. Progress reports are available weekly through the school's SIS. Paper copies are available in the front office. Translation in other languages will be available as needed and to the extent possible. For further assistance or support, please contact the front office at 435-867-5558.

Gateway Preparatory Academy will convene a Title I orientation meeting annually in conjunction with our "Parent Orientation" night at the beginning of each school year. All parents are invited and encouraged to attend. The purpose of the meeting will be to inform parents of Gateway Preparatory Academy's participation under Title I and to explain parent's rights to be involved in their student's education. Administration or teachers will also inform parents about curriculum, challenging State academic standards, forms of assessment used to measure student progress, and the proficiency levels students are expected to meet.

School administration will utilize a School-Parent-Student compact. The purpose of the
