

Pandemic-Electronic Benefit Transfer (P-EBT) Reconsideration Information for Parents/Guardians

Important information for parents or guardians of students that would like to have their student's P-EBT benefit level reconsidered.

What is reconsideration?

There may be months when your student's school schedule (hybrid or remote) was different from what the district/school reported (in-person or hybrid) to the state. In that case, parents/guardians may request to have their student's benefit level reconsidered. Students may be P-EBT eligible if they were receiving a hybrid or remote/online learning model in one or more of the following months:

September 2020, October 2020, November 2020, December 2020,
January 2021, February 2021, March 2021, April 2021, May 2021

Who can you contact if you would like to apply to have Pandemic-EBT benefits reconsidered?

You can contact Terie Simcox by calling 435-867-5558 ext 1. Or you can email teriesimcox@gpacharter.org. I will be in the office during normal business hours 8:00 am-4:00 pm Monday through Friday until June 4th. At that time, I go to summer hours and will be in the office 9:00 am-2:00 pm on Wednesdays. I will be checking my emails periodically.

What information do you need to provide to the school/district for reconsideration?

Complete a Reconsideration Intake Form. The Reconsideration Intake Form will provide information needed to submit the form. These forms have been emailed to you if you qualify. IF you do not see them in your inbox, please check your spam folder.

Is there a due date to submit a reconsideration request?

The Reconsideration Intake Form must be fully completed, signed, and submitted to the school/district no later than close of business on August 2, 2021.

Where should you go if you have questions about the P-EBT program or benefits?

The DWS website <https://jobs.utah.gov/covid19/pebt/>. The website provides a current list of qualifying schools, Frequently Asked Questions, and contact information.

This institution is an equal opportunity provider.
