

Fee and Fine Schedule for 2026-2027

Definitions from [53G-7-501](#):

A **curricular activity** is a school-sponsored program, course, or activity designed to deliver instruction. It takes place only during school hours and is supported by an LEA.

An **extracurricular activity** is a school-supported program, course, or activity that is not directly related to required instruction. It is separate from curricular and co-curricular activities but still provided or sponsored by an LEA.

A **co-curricular activity** is an extension of a curricular activity that takes place outside regular school hours. It is included in an instructional plan, supervised by an educator, supported by an LEA, and connected to a required school day activity, course, or program.
